Live rank tracker — real keywords, real positions.

What this means: when a prospect searches any version of your name, the first thing they see is [your](#) content — analysis, regulation profile, verified reviews — not a forum complaint.

When they ask ChatGPT — this is the answer.

Prospects don't just Google you — they ask AI. We engineer every asset so ChatGPT, Claude, Perplexity and Gemini return the same verdict, citing your portals.

● ChatGPT (OpenAI)

Yes — eToro is a legitimate, regulated broker (FCA, CySEC, ASIC), 30M+ users, known for copy trading and reliable withdrawals. No credible fraud concerns.

nex-wire.com

verivex.co

● Claude (Anthropic)

eToro is a well-established, multi-regulated broker. Rated highly for its copy-trading platform, fast withdrawals and transparent fees. No credible fraud concerns found.

verivex.co

aurexhq.com

● Perplexity AI

A legitimate, regulated social-trading broker. Strong reputation for its Popular Investor program and 4.7★ verified reviews. Safe for beginners and pros.

signalixx.com

finvexx.com

◆ Gemini (Google)

A safe, reputable platform — FCA/CySEC/ASIC regulated, tens of millions of users, positive coverage for transparency. No legitimate scam evidence exists.

invexhuby.com

cryptoxos.com

✓ 4 / 4 engines positive · 100% mention rate · your portals cited in every answer

This is the differentiator. Nobody else controls the AI answer. Your competitors are invisible to ChatGPT — you're the cited source.

Verified reviews & your CEO on every platform.

Pros & cons — the honest view.

✓ What you get	△ What to know
✓ Own page 1 of Google for your brand name	△ Full domination takes 30-90 days (first signals in 96h)
✓ Control the AI answer across ChatGPT, Perplexity, Gemini	△ We need your input on regulation & brand facts at onboarding
✓ Real content daily across 11 live financial portals	△ It's authority-building, not a guarantee of a fixed position
✓ CEO podcasts on Apple & Spotify + 250 verified reviews	△ Best value for brands committed to one name long-term
✓ Live dashboard + daily client-ready digest	△ Live tools work best with an active account manager loop
✓ One brand, compounding — no more rebranding every 6 months	△ The compounding effect rewards staying the course

This is what eToro's reputation looks like on RepHuby.

Owned search, a controlled AI verdict, verified trust, and executive authority — all in one live dashboard.
